Identification of packaging / description docuFIX® classic courier envelopes **Article Number:** 2FVDO******	Assessment Reference Number: 1/2026 Document Number: PPWR-DoC-AVIII-2FVDO******-2026 Version: Rev.0 Issue Date: 19.06.2026 Last Update: 19.06.2026

Declaration of Conformity in accordance with Annex VIII of Regulation (EU) 2025/40.

EU Declaration of Conformity No. (1/2026)

1. No. ... (unique identification of the packaging):

docuFIX® classic courier envelopes

2. Name and address of the manufacturer and, where applicable, its authorised representative:

VP Polska Sp. z o.o.

ul. Lotników Alianckich 65

68-100 Żagań, Poland

3. This Declaration of Conformity is issued under the sole responsibility of the manufacturer:

VP Polska Sp. z o.o. hereby declares that the product specified below has been assessed for compliance with the requirements of the relevant packaging regulations and standards.

4. Subject of the declaration (identification of the packaging allowing its traceability) description of the packaging:

The docuFIX® classic courier envelope is packaging composed of a combination of several materials. Based on the materials used, three main groups can be distinguished:

4.1. docuFIX® classic

- Envelope pocket, upper layer: LDPE film
- Envelope pocket, lower layer: LDPE and/or HDPE film
- Permanent adhesive: hot-melt PSA
- Functional layer (liner): silicone-coated paper
- Printing: functional additive depending on the production variant

4.2. docuFIX® classic eco

- Envelope pocket, upper layer: 80% PCR LDPE film
- Envelope pocket, lower layer: 50% PCR LDPE film
- Permanent adhesive: hot-melt PSA
- Functional layer (liner): silicone-coated paper
- Printing: functional additive depending on the production variant

4.3. docuFIX® classic paper

- Envelope pocket, upper layer: transparent glassine paper
- Envelope pocket, lower layer: white paper
- Permanent adhesive: hot-melt PSA
- Functional layer (liner): silicone-coated paper
- Printing: functional additive

5. The product covered by point 4 of this declaration complies with the relevant provisions of the applicable EU harmonisation legislation:

- Regulation (EU) 2025/40, Article 5 (PPWR)
- Regulation (EC) No. 1907/2006 (REACH)
- Regulation (EU) No. 2019/1021 (POP)
- Regulation (EC) No. 1935/2004
- Printing ink: EuPIA Guideline
- Adhesive: Regulation (EU) No. 10/2011

6. References to the relevant harmonised standards or common specifications that have been applied: The manufacturer maintains technical documentation including:

- supplier specifications,
- bills of materials (SAP),
- product specifications,
- technical data sheets,
- supplier documentation and declarations,
- quality assurance documentation,
- PN-EN 13427:2007 (requirements for the use of European standards in the field of packaging and packaging waste),
- PN-EN 13428:2007 (source reduction),
- PN-EN 13429:2007 (reuse),
- PN-EN 13430:2007 (material recycling),
- PN-EN 13431:2007 (energy recovery).

The technical documentation is archived in accordance with the manufacturer's internal procedures and may be made available, upon justified request, to customers or the competent authorities.

7. Where applicable – the notified body ... performed ... and issued the certificate(s):

Not applicable – the product does not require assessment by a notified body.

8. Additional information: Information on recycled material content:

- **docuFIX® classic:**
  - The LDPE layer may contain up to 30% PIR (Post-Industrial Recycled) material.

  - The HDPE layer may contain between 40% and 100% PIR material.
- **docuFIX® classic eco:**
  - Post-Consumer Recycled (PCR) content: 100% of the LDPE film used in the product.
- **docuFIX® classic paper:**
  - Does not contain recycled materials.

Intended use: The product is intended for the identification of shipments and transport packaging and is not intended for direct or indirect contact with food.
