2. SUBJECT OF THE DECLARATION

We hereby declare that the packaging manufactured and supplied by **HABER Krzysztof Piątkowski** is produced in accordance with the applicable legal requirements and the obligations applicable to a packaging supplier.

HABER provides its customers with information and documentation relating to the supplied packaging within the scope of the supplier's responsibility, which is necessary to demonstrate compliance of the packaging with Regulation (EU) 2025/40 (PPWR), in accordance with Article 16 of that Regulation.

The scope of HABER's responsibility is limited exclusively to information relating to packaging and packaging materials within the scope of its activities as a packaging supplier.

3. PRODUCT IDENTIFICATION AND DOCUMENTATION

For the supplied packaging, system documentation is maintained, including in particular:

- material specifications;
- packaging dimensions and design;
- packaging weight;
- identification of the materials used;

- identification of document revisions;
- history of design changes.

Documentation is archived in accordance with the Company's internal procedures and may be made available to customers within the limits of applicable legal requirements and contractual obligations.

4. MATERIALS USED

The packaging is manufactured from corrugated board and other materials supplied by qualified suppliers.

Information concerning:

- material composition;
- recycled fibre content;
- material properties;

is prepared on the basis of technical documentation and declarations received from corrugated board manufacturers and other material suppliers.

5. CHEMICAL SUBSTANCES

Based on the documentation received from raw material suppliers, we confirm that the materials used comply with the applicable legal requirements concerning chemical substances, in particular those arising from:

- Regulation (EC) No. 1907/2006 (REACH);
- other applicable legal requirements.

The information contained in this Declaration has been prepared on the basis of documentation received from manufacturers and suppliers of raw materials, as well as data available to HABER as of the date of issue of this Declaration.

HABER does not carry out routine laboratory testing of every batch of materials.

6. RECYCLING AND RECYCLED MATERIALS

The corrugated board packaging manufactured by HABER Krzysztof Piątkowski is intended to be recyclable within existing paper and board recycling systems.

Information concerning:

- recycled material content;
- material properties;

are provided individually for specific products or product groups on the basis of information obtained from material manufacturers.

The assessment of recyclability is based on the properties of the materials used and the current state of paper and board recycling technology.

7. TRACEABILITY

Each packaging product can be identified by means of:

- product number;
- production order number;
- batch number;
- other identifiers used within HABER's production system.

The traceability system enables the identification of the materials used and the corresponding production documentation.

8. CHANGE MANAGEMENT

Where material or technological changes may affect the information provided to customers, HABER updates the relevant documentation and provides customers with updated information within the scope of the supplier's responsibility.

9. FINAL PROVISIONS

This Declaration is of a general nature and applies to packaging manufactured and supplied by HABER Krzysztof Piątkowski in accordance with the agreed technical specifications.

This Declaration confirms information that falls within the responsibility of the packaging supplier as of the date of issue.

Detailed information relating to individual products, including:

- material composition;
- packaging weight;
- recycled material content;
- product identification;
- technical data;

may be provided in technical specifications, material data sheets, declarations issued by raw material suppliers, or other documents relating to a specific product.

This document constitutes a Supplier Declaration provided in accordance with Article 16 of Regulation (EU) 2025/40 and does not constitute the EU Declaration of Conformity referred to in Article 39 of that Regulation.
