QUALITY PRODUCT SPECIFICATION							
Product SAP number		700014535					
Product code		PST 800 325X220X130MM					
Product name		PST800 325X220X130MM					
DESCRIPTION OF MATERIAL							
Material		3 layer corrugated board, Flute type B					
Type of board		B_12T3T3_2					
Board composition (papers)		T3130	WB120	T3110			
Recycled content [%]		100	Virgin fiber content [%]		0	Humidity [%]	6 – 8
Total weight [g] +/- 5%		144	Strength parameters [kN/m] ± 10%		ECT:	4,77	
Dimensions	[mm] tol +/- 2mm	Lenght:	325	Width:	220	Height:	130
Surface [m²]		0,36353	Type of construction FEFCO or other		1000MIG		
Printing method		Felxo	No of colours	1	FSC claim:	FSC MIX Credit ; Certificate: DNV-COC-000842	
Intended for indirect contact with food (YES/NO):		Yes					
Unacceptable defects		Dirt, unprinting, unevenly glued or not glued cartons, fish tail (difference> 3 mm), adhesive extending beyond the flap adhesive, mechanical damage (cracks, holes, collapse, tearing, crushing stratification cardboard), stains					
Information on the pallet label		Supplier's name					
		Customer's name					
		Product's name					
		Date of production					
		Quantity/pallet					
Warranty		The shelf life of the packaging is 6 months from the date of delivery. The aforementioned time is also the warranty period and the time during which the customer can identify and report the existence of quality defects. Necessary to maintain the properties of the products is the following storage conditions, i.e:					
Storage conditions		Covered, Well-ventilated, covered rooms with temperature and relative humidity within the appropriate ranges of 10-30°C, 40-80%					
		Storage on pallets, not directly on the floor					
		Protection of packaging from precipitation, excessive direct sunlight, heat sources, and sudden changes in temperature and humidity					
		Following the FIFO principle					
		Maintaining packaging in the condition in which it was received, without removing any protective seals, until use.					

**We guarantee the ECT parameter. In case of changes in commodity prices or lack of availability of the papers, we reserve the right to use substitutes of equal worth in terms of strength. The weight is given only for guidance and complaints to differences in weight will not be considered.*
